Cookie Policy

Last updated: 16 June 2026

What Are Cookies

Cookies are small text files that websites place on your device when you visit them. They help websites remember information about your visit, such as your preferences, and can make your next visit easier. Some cookies are essential for the website to function properly, while others help website owners understand how visitors use their site.

Cookies We Use

Essential Cookies

These cookies are strictly necessary for our website to function. They enable core features such as page navigation and access to secure areas. Our website cannot function properly without these cookies, and they do not require your consent under UK law.
Essential cookies on our website may include:

- Session cookies that remember your actions during a single browsing session
- Security cookies that help protect against fraudulent activity

Statistical and Analytics Cookies

We do not currently use any analytics or statistical cookies on our website. This means we do not track how you use our website or collect data about your browsing behaviour for analysis purposes.
If we decide to add analytics cookies in the future, we will update this policy and provide you with a clear way to opt out, as permitted under the Data (Use and Access) Act 2025.

Cookie Consent Tool

We do not currently use a cookie consent banner or tool on our website. This is because we only use essential cookies that are strictly necessary for the website to function, which do not require your consent.

Third-Party Cookies

We do not use third-party cookies beyond those essential for our website to function. We do not use advertising cookies, tracking cookies, or social media cookies that would follow your activity across other websites.

How to Manage or Opt Out of Cookies

Even though we only use essential cookies, you can still control cookies through your browser settings. Most web browsers allow you to:

- View what cookies are stored on your device
- Delete cookies individually or all at once
- Block cookies from specific websites or all websites
- Set preferences for how cookies are handled

Please note that blocking essential cookies may affect how our website functions.
For detailed instructions on managing cookies in your specific browser, visit aboutcookies.org, which provides guidance for all major browsers.

Your Rights

Under the Privacy and Electronic Communications Regulations (PECR) and the Data (Use and Access) Act 2025, you have the right to:

- Know what cookies a website uses and why
- Opt out of statistical or analytics cookies at any time without affecting your ability to use the website
- Refuse consent for advertising or tracking cookies

Since we only use essential cookies, exercising these rights will not affect your experience on our website.

Updates to This Policy

We will update this cookie policy if we change how we use cookies on our website. Any significant changes, such as introducing analytics or other non-essential cookies, will be clearly communicated and this policy will be revised accordingly.

Contact Us

If you have any questions about our use of cookies, please contact us:
